

Christchurch FC (Youth) Newsletter – Welcome

If you are reading this then it probably means that your child is registering as a player with Christchurch Football Club, thank you for choosing our Club.

Firstly I would like to either welcome you back, if you are re-registering with the Club for the 2014/2015 season, or if this will be your first season with us, we look forward to making it an enjoyable and successful season for all of you.

Christchurch is a Charter Standard Club and this means that we operate within strict guidelines for both the well being of the player and the integrity of the game, such as Respect and Kick Out Racism. In your pack are a number of forms to be returned and a number to be read and kept for your information, please ensure that the appropriate ones are completed accurately and that all those that need to be returned including League and Club registrations, Birth Certificates, Code of Conducts and registration fee are done so promptly to either the Club Secretary or your Team Manager.

It is important that parents support their child whilst taking part in training or playing in a match, the Club cannot take responsibility for any child that is just dropped off at either of the above activities, it is the responsibility of parents and guardians to ensure that their child is safely delivered and collected from these activities, please stay and support your child it is important to them, to the team and the Club as a whole, It is also very important that parents **provide accurate medical information relating to their child and they have access to any prescribed medicine that they may need whilst taking part in football activity, eg inhaler.**

It is also important that any monies due for training or being a league team squad player are paid on time, the subs are collected at the start of each month and will remain at the same level as last year. These are £14 per month for mini soccer league teams and £18 per month for 11-a-side teams and are payable between the months of September through to April inclusive. If your child is part of the basics training, ie 5 – 7 years old then the weekly fee is only £2, payable on the day.

Christchurch are actively seeking sponsorship for the Club as a whole and within the youth section, if you would like to discuss such opportunities and what we can offer in return, please contact me on the number below.

Christchurch are always seeking helpers to get involved with supporting a team manager at matches and with training or to do team administrative duties, such as completing scorecards, team sheets or collecting subs. If you feel that you would like to be part of the success and development of your team please contact me on the number below.

I look forward to meeting many of you during pre-season and during the actual season itself and once again, thank you for choosing Christchurch Football Club. If you have any queries about your registration pack please do not hesitate to contact the Club Secretary, Mary Cameron or myself.
